Believe in the magic of the season

Throughout life we have many choices to make; friends, education, career, where to hold your Christmas party?

Regardless of our religious or spiritual beliefs, the Christmas period is about spending time with family and friends, whilst enjoying good food and drink in a friendly and relaxed atmosphere. Seven Fish Canteen Bar & Grill has been set up to embody just that.

To us, food is not just about what we eat, it defines our values, health, status & environment as well as our culture, politics and economy.

We are all becoming more aware of our food, its ingredients, origins, farming and cultivation. To us it is at its best when fresh and seasonal, when produced close to home or from people we know and can trust.

Seven Fish is about anyone and everyone. It's about socialising and enjoying food and drink with those closest to us; family, friends, work colleagues and our seasonal menu has been produced with that in mind.

We all have a picture in our minds of a bygone time when we were sat round a table having lunch or dinner and what that meal meant. There was laughter, smiling, love, great company and good food.

If we can capture a little of this here at Seven Fish then we would not only have succeeded in making people realise how important food is from a dietary, economic or environmental point of view, but also as a social reason to sit down, talk and enjoy each other's company. We believe that this defines who we really are.

We are, after all the food we eat. So make time for food, make time for family, make time for friends. We live like this, why can't you?

We will be serving a traditional turkey roast, Sundays throughout December.
